Commissioner

May 13, 2021

IFB CN 052721- 2021-2026 Septic Tank Pumping Maintenance Service with Inspection – Central NY DDSOO

### **Questions and Answers:**

Below is a compilation of the questions received for this bid. Questions that were repeated, or of a recurring nature, were consolidated. Thank you very much for your interest.

1. **Question:** We have an established SFS Vendor ID. Do you still require a Vendor Responsibility Questionnaire to be completed with the bid document?

**Answer:** Yes. As stated in IFB CN 052721 on Pg.6 **Section 13. A. Submission Requirements:** *One (1) original of each additional required form, as listed on page 2 (References and Vendor Responsibility Questionnaire), must be received either by the proposal due date or within 3 business days of request by OPWDD. It is strongly recommended that these additional forms are submitted by the proposal due date. Failure to submit the forms as specified above will result in the bid being disqualified.*

2. **Question:** The Cost Proposal Form does not account for sites with tanks that need to be uncovered prior to pumping. How should this be addressed?

**Answer:** Please consider any tanks needing lids to be dug up when determining your Price Per Gallon Pumped for the county.

3. **Question:** There are some discrepancies between Exhibit A Site Listing from the current Invitation for Bids and the 2016-2021 Exhibit II Bid Form. Are we to bid strictly on the information provided in Exhibit A Site Listing?

**Answer:** It has been determined that some of the discrepancies discovered warrant an Addendum to the IFB. **A signed Addendum must be received with your proposal or within 3 business days of request by OPWDD. Failure to submit this signed Addendum as specified above may result in the bid being disqualified.**

Please find the Addendum in the attachment, *Addendum 1- IFB CN 052721*

Respectfully,

*Shannon Collings*
