Cost Proposal Form (corrected)

Instructions: OPWDD will select the responsible and responsive Bidder that will provide the lowest Annual Grand Total Estimated Cost. One award will be made to cover all sites for all services. Bidder must bid on all sites. All sites are to be serviced by the winning Bidder.

Place a Monthly Cost for Routine Services Per Site for every site listed in the Monthly Routine Service Pricing section. Add up the Monthly Cost for Routine Services Per Site for all sites for the Monthly Combined Cost for Routine Services. Then multiply the Monthly Combined Cost for Routine Services by the Annual Amount of Inspections (12) to determine the Total Annual Cost for Routine Services.

Place a Cost of Non-Routine Treatment Per Site for every site listed in the Non-Routine Treatment Pricing section. Add up the Cost of Non-Routine Treatment Per Site for all sites for the Non-Routine Treatment Combined Cost. Then multiply the Non-Routine Treatment Combined Cost by the Annual Estimated Amount of Non-Routine Treatment per site (2) to determine the Total Annual Estimated Cost of Non-Routine Treatment.

Place the Total Annual Cost for Routine Services and Total Annual Estimated Cost of Non-Routine Treatment on the Summary and Signature page and add them together for the Annual Grand Total Estimated Cost.

If the Cost Proposal Form is not completely filled out, or the Cost Proposal Form is altered, it may disqualify your bid. Be sure to sign the Summary and Signature Page and submit pages 30-32 with the bid package.
