Vendors/not-for-profit provider agencies are able to file the Vendor Responsibility Questionnaire (VRQ) online via the New York State VendRep System or may choose to complete and submit a paper questionnaire. #### **O. Health Information Portability and Accountability Act (HIPAA)**

The Federal Department of Health and Human Services (HHS) established HIPAA Standards for Privacy of Individually Identifiable Health Information (The Privacy Rule). The Privacy Rule (45 CFR Part 160 and Subparts A and E of Part 164) provides the first comprehensive federal protection for the privacy of health information. The Privacy Rule is carefully balanced to provide strong privacy protections that do not interfere with patient access to, or the quality of, health care delivery. HIPAA has an impact upon how OPWDD and contractors will deal with protected health information of our consumers. Likewise, State Mental Hygiene Law § 33.13 requires disclosure of clinical records to be limited to that information necessary for health care providers to administer treatment.

#### **P. General Duties and Additional Responsibilities**

Maintain a level of cooperation with OPWDD necessary for the proper performance of all contractual responsibilities. Agree that no aspect of bidder performance under the Agreement will be contingent upon State personnel, or the availability of State resources, with the exception of all proposed actions of the bidder specifically identified in the Agreement as requiring OPWDD's approval, policy decisions, policy approvals, exceptions stated in the Agreement or the normal cooperation which can be expected in such a contractual relationship or the equipment agreed to by OPWDD as available for the project completion. Cooperate fully with any other contractor that may be engaged by OPWDD. Agree to meet periodically with OPWDD representatives to resolve issues and problems. Recognize and agree that any and all work performed outside the scope of the Agreement or without consent of OPWDD shall be deemed by OPWDD to be gratuitous and not subject to charge by the bidder.

“Contractor shall comply with the provisions of New York State Information Security Breach and Notification Act (General Business Law § 889-aa; State Technology Law § 208). Contractor’s negligent or willful acts or omissions, or the negligent or willful acts or omissions of Contractor’s agents, officers, employees, or subcontractors.”

A site listing with addresses and telephone numbers is included in Exhibit A – Site Listing.

The Contractor shall, during the term of this Agreement, perform all **Snow Removal and Ice Control Services** described and specified in this Scope of Work.

#### **I. General Requirements:**

- A. Snow removal and ice control services are required at OPWDD residences, which are occupied by a developmentally disabled population including individuals who have medical and physical disabilities, some who are confined to wheelchairs. OPWDD residents often require an additional level of care regarding snow and ice removal due to functional mobility limitations.

- C. **The Contractor selected to do the work set forth herein shall not assign or sub-contract any or all parts of said work without written permission from OPWDD.**
- D. Contractors must use sufficient size plows and have commercial quality salt/sand/calcium chloride spreading equipment to remove snow and ice from the driveways and parking lots at the locations. Manually broadcast spreading with a shovel from the bed of a pick-up truck does not provide enough coverage to driveways and parking lots. Contractor shall have adequate staff and equipment to accomplish the snow removal and ice control services without delay. OPWDD reserves the right to request detailed listings of equipment, staffing, service routes, etc.
- E. The Contractor's equipment shall not be left at the respective sites after snow removal for a specific storm has been completed.
- F. The Contractor may, for the duration of each snow season, place visible markers in work areas.
- G. Contractor must possess and provide, at no cost to the State, appropriate licenses and permits associated with the provision of snow and ice control

services.

- H. Under no circumstance shall the Contractor move any vehicles, personal or State owned. If vehicles block the driveway or parking areas, every effort must be made to have staff at the sites move vehicles to allow a complete clearing of parking areas and walkways. There may be occasions where staff are unable to move vehicles. Contractor is to inform House Manager or designee and clear snow as best they can. See section **III. Detailed Specifications**, for further information.
- I. The Contractor's employees will adhere to all OPWDD policies and regulations, including but not limited to smoking, parking, etc. The Contractor shall cooperate with House Managers and staff and will comply with the safety and security requirements imposed by the site.
- J. Pursuant to the conditions within this scope of work, the method of snow removal, equipment used, and plan of action shall be up to the Contractor's discretion.

**II. Service and Accumulation Requirements:**

- A. It is extremely important during inclement weather that all efforts are made to have the sites accessible and safe for individuals and staff. **To have accessibility, snow removal shall automatically commence at the accumulation of 3 inches at the contracted site. It is the Contractor's sole responsibility to ensure they are aware of when each site on this contract has accumulated 3 inches of snow.** In the event of drifting snow and/or formation of ice; maintained surfaces shall be serviced to obtain a safe environment.
- B. Snow removal will be ongoing, allowing no more than 3 inches of accumulation. At the conclusion of weather event, all maintained surfaces shall be cleared to bare pavement. Snow removal may be preceded by the spread of anti-icing materials and/or followed by de-icing for ice control when appropriate or needed.
- C. Contractor must be able to provide snow removal services on a seven days per week, 24 hours a day basis. **Please note:** Staff change shifts at approximately 7:00 a.m., 3:00 p.m. and 11:00 p.m. **The driveways and sidewalks MUST be clear of snow and ice during their departures and arrivals.** Pre-treatment of surfaces (anti-icing), plowing, sanding, and ice control (de-icing) services must be conducted in accordance with the timeframes mentioned above.
- D. The House Manager or designee has the right to call for additional service as deemed necessary for safety concerns. Contractor must be available for call-in by the House Manager or designee if snow accumulation or drifting snow restricts travel on driveways, parking areas, or driveway exits. Response time shall be within two (2) hours of call. Contractor must provide a phone number for accepting calls 24 hours per day and 7 days per week. OPWDD must be notified immediately of any phone number changes.
- E. In the event the Contractor fails to remove snow within the time frames listed above and OPWDD is required to procure services from another vendor, the Contractor will be held liable for any costs to provide such services for the site(s) involved. In such a situation, the

additional cost for these services will be deducted from any payments owed. If no payments are owed, the Contractor will be invoiced for the additional costs incurred by OPWDD.

## Invitation for Bid

## Cost Proposal Form

There are 35 Clusters for bid. Clusters will be evaluated separately and awarded to the Bidder who provides the lowest **Total Combined Cost Per Season**. Bidder may bid on one Cluster, multiple Clusters, or all Clusters and multiple contracts may be awarded. All sites included in a Cluster must be bid on for Bidder to be considered for that Cluster. All sites included in a Cluster must be serviced by the Bidder awarded a contract for that Cluster.

The **Total Combined Cost Per Season** is calculated by adding each Seasonal Price Per Site within a Cluster.
